QUALITY POLICY STATEMENT

SAIYL's core business is in the development and management of our Client's Capital Expansion Projects. Industry knowledge, expertise and experience on projects enables us to identify and resolve the problems without bias or prejudice.

Our Mission is to provide a tailored service that is the catalyst for successful project delivery for our clients.

We commit ourselves to the implementation and maintenance of our quality management system that complies with ISO 9001: 2015 requirements which is reviewed every year. SAIYL strives to continually improve its effectiveness by including processes for continual improvement, aiming to enhance client satisfaction. This Policy Statement has been understood by all in the Organisation.

Our Quality Policy is directed toward achieving the following goals and objectives:

- To deliver our projects on time, within approved budget, on approved specification and quality;
- To meet customer requirements and
- To utilise our capacity to its optimum level to maximise productivity.
