SAIYL QUALITY POLICY STATEMENT

SAIYL's core business is in the development and management of our Client's Capital Expansion Projects. Industry knowledge, expertise and experience on projects enables us to identify and resolve challenges without bias or prejudice.

Our Mission is to provide a tailored service that is the catalyst for successful project delivery for our clients.

We commit ourselves to the implementation and maintenance of our quality management system that complies with ISO 9001:2015 requirements and is reviewed annually. SAIYL strives towards continual improvement & improving effectiveness by including processes for continual improvement aiming to enhance client satisfaction. This Policy Statement shall be communicated to all in the organisation as well as Sub-Contractors.

Our Quality Policy is directed towards achieving the following goals & objectives:

- Deliver projects on time, within approved budget and approved specification and quality
- To meet and exceed client requirements
- To utilise our capacity to its optimum level to maximise productivity
- To eliminate re-works
